

Fundación Moeve hosts an Environmental Awareness Day in collaboration with the Regional Government of Andalusia

- **Around 50 Fundación Moeve volunteers visited the CEGMA facilities in Algeciras, where they learned about response protocols for stranded marine animals, as well as the lives and threats faced by sea turtles**
- **This initiative is part of Fundación Moeve's actions to mark World Environment Day**

Fundación Moeve in Cádiz joined forces with the Regional Government of Andalusia and the Species Recovery Center (CEGMA) in Algeciras to celebrate World Environment Day.

As part of the initiative, 52 volunteers received training on how to respond to stranded marine animals along our coasts and beaches, in addition to attending a workshop about sea turtles, their lives and the threats they face as a species. The Fundación Moeve volunteers also had the chance to meet the sea turtles currently undergoing rehabilitation and help CEGMA staff feed them.

Estrella Blanco, Head of Fundación Moeve in Cádiz, underscored "how positive this experience is, where Moeve professionals dedicate part of their time to raising environmental awareness with the invaluable support of other organizations and public institutions, in this case CEGMA staff and the Regional Government of Andalusia."

Fundación Moeve's volunteer program gives Moeve professionals the chance to share their values and engage with the social causes that inspire them, all while helping to improve the environment and build a fairer, more equitable society. Through the volunteer program, Fundación Moeve promotes volunteer initiatives, awareness campaigns, donations, and fundraising at different work places.

Fundación Moeve is a non-profit, general interest organization whose goal is to carry out work aimed at serving the needs and priorities of the local communities where its founder, Moeve, conducts its activities. Fundación Moeve's scopes of action are people, biodiversity, and social innovation.
