

2025 Social Value Awards awarded by Fundación Moeve

- **AONES, FEAFES Huelva and Ademo are the winners with projects the jury highlighted for their innovation and collaborative spirit.**
- **The awards ceremony will take place on December 16 in Huelva**

Fundación Moeve announced the winning entities of the Social Value Awards for its 2025 edition in Huelva, recognizing the work of AONES, FEAFES Huelva, and Ademo. The projects presented by these organizations were awarded for their innovative approaches, for their way of involving beneficiaries in their development, and for their durability over time.

AONES was recognized for its project *Energy that transforms: photovoltaic with therapeutic impact*, a project aimed at improving the quality of life and personal autonomy of people with intellectual disabilities, through an innovative model that combines energy sustainability and specialized therapeutic care.

Also, FEAFES was recognized for *La Ardea: Green sanctuary of self-care, a project that proposes the rehabilitation of a public space in disuse to transform it into a green sanctuary of self-care and biodiversity*. The initiative combines mental health, social inclusion, and environmental sustainability, and will be developed in coordination with municipalities in the province of Huelva, the Department of Experimental Sciences of the University of Huelva, and the corporate volunteering of Moeve.

Lastly, Ademo received the award for its project *3D printing for life: people designing their autonomy*, a project that seeks to improve the quality of life of people with multiple sclerosis and other neurological diseases, as well as that of their families, through the combined use of 3D printing and 3D scanning as tools for social innovation and rehabilitation.

The jury for the Social Value Awards was chaired by Javier José Manuel Borrero, delegate for social inclusion, family and youth of the regional government of Andalusia, Adela de Mora, councilor of the Huelva City Council, Carmen González, councilor of the Palos de la Frontera City Council, Teresa Pulido, from CCOO, and Jesús Velasco and Narciso Rojas from Fundación Moeve.

The awards ceremony will be held on December 16, 2025, at an event bringing together institutional representatives, social entities, and community members. With this initiative, Fundación Moeve reaffirms its commitment to the entities that are closest to people and work directly in the community with vulnerable groups or those at risk of exclusion.

The Social Value Awards were started 21 years ago in Huelva with the aim of recognizing initiatives that generate real impact on people and their surroundings. Since then, they have become a point of reference in Huelva, as well as in the Canary Islands, Madrid, and the Campo de Gibraltar, notable for their ability to raise the profile of projects that transform lives at the local level, with innovation, a focus on a just ecological transition, and proximity to the territories where the foundation operates.

Fundación Moeve is a non-profit, general interest organization whose goal is to carry out work aimed at serving the needs and priorities of the local communities where its founder, Moeve, conducts its activities. Fundación Moeve's scopes of action are people, biodiversity, and social innovation.
