- **The initiative to develop online therapeutic workshops won at the Social Value Awards 2021**

Fundación Cepsa has visited the Association of Parkinson Patients and Family of Campo de Gibraltar Santa Adela. The association won the Social Value Award 2021 for its project to improve online therapeutic care for Parkinson's patients in the region.

After the visit to the headquarters of Santa Adela, Estrella Blanco, head of Fundación Cepsa, assessed the work carried out by the entity, highlighting the multidisciplinary care for people from Campo de Gibraltar who suffer from Parkinson's and how Fundación Cepsa's Social Value Award has made it easier for citizens who cannot travel to Algeciras to continue receiving their therapeutic care. "The work done by the team of Santa Adela is key to slowing the deterioration of people suffering from Parkinson's, who have a valuable resource in this association," said Estrella Blanco.
